

BIOGRAPHY

ROBERT COX

**Union of Canadian Transportation Employees
National President - 1981 to 1993**

It all started when Robert Cox became President of Local 80829 at the Halifax Airport. In 1981, he was elected President of the Union. With his strong personality, Brother Cox was well known as a quick problem solver. It was during his last years with UCTE that he took on the issue of airport privatization.

Robert Cox was a president whose presence, while he was at the helm of UCTE, was felt by all. He served on several committees. At the end of his last term, in 1993, he returned to work for Transport Canada.
